Colors	white
Output terminals	4 wires
Operating distance	18mm
Alarm output	NC
Container	
Degree of security	1
Environmental class	2
Dimensions (LxHxP)	36x22x19mm

INSTALLATION

OPERATION

Each CRYPTO56 contact is supplied with a TAG (already associated).

ASSOCIATE NEW CRYPTO56 CODE

In the event that you need to change the code of the TAG, follow the procedure described below:

- **Power the contact for about 5-6 seconds**
- **Cut off the power to the contact**
- **Reconnect the power and bring the TAG to be associated**

At the end of this procedure, both the contact and the TAG will have memorized a new code.
